(Edition PM2507 Feb 18th, 2025)

Prayer Matters is published by Fiona Emery membercare@amtglobal.com.au every Tuesday. Please direct all prayer requests to her by noon on Monday.

Simeon & Mary Tuyizere, (Ghana, DPG Day 1)

Simeon has advised his sister, Julienne, passed away in Rwanda on Feb 8th. This is very difficult for Simeon and the family being far away in Ghana and unable to be part of the family grieving process. They value your prayers for the Lord's comfort. This has come at what has been an awful time for them. On a note of praise, he told me how much he appreciated the \$100AUD that was given from AMT and that he and Marie Josie has calculated that it was just a little more than what was stolen in the robbery.

Simon & Dorcas Mubanga, (Zambia, DPG Day 3)

Thank you very much for the prayers and support. End of last year, 2024, was a sad one for us. We lost our son, Thanks. We are now based at Shiloh Brethren Assembly in Makongwa Village. Please pray for the renovation of the building: Choosing of Biblical leaders and the growth of the Assembly numerically and spiritually. Also, please continue to pray for the Blessing Centre: the overall purpose of this ministry is to generate income for supporting the school, church activities, mission work, orphans and the needy communities. Needing electricity connected, so the shops can be up and running to support these works.

Jason & Kim Job, (Australia, DPG Day 12)

Please pray for us as we start a new year in work at the hangar, school, tutoring and church activities. Pray that God's light would shine bright in all that we do. Please continue to pray for all grieving the loss of Chris Coffee, our colleague who was killed recently in a road accident in Arnhem Land, especially for his family.

Paul & Erin Strahan, (Australia: R&R, DPG Day 17)

The violence and crime in our community is continuing to escalate considerably. Please pray for God to intervene in the lives of the offenders. There are 2-3 home invasions and stolen cars every night at the moment. We do not live in fear and quietly entrust our lives and home into God's care each night. However, many in our community are very fearful - weapons are kept beside their beds. Pray for us as we minister to the offenders' families and point them to Christ. Pray that we might be courageous and love some of the most difficult and dangerous people in our community.

Daniel & Candide Weekes, (France, DPG Day 18)

Praise God we finished the bathrooms in time for our family winter camps which started on Sunday. Pray for the families who are attending, that the Lord would challenge them and encourage them during their time here. You can also pray for France as a whole, as the authorities seem to be losing the fight with drug related crimes and violence.

Rich & Anne Hoyt, (Specialist, DPG Day 25)

I (Rich) am on a 16 day trip to Chad from February 15th. I am traveling with a member care co-worker, Rich Miller. We will be visiting 3 of our TEAM ministry sites outside of the capital, 2 of them in very remote areas and spending time with at least 11 of our missionaries. We need your prayers – for logistics, health and strength/stamina, yes, but especially for spiritual protection.

David & Stacie, (Restricted Access, DPG Day 28)

Prayer is requested for staff and students of the Covenant Christian Schools in Myanmar, who are of conscription age. No one wants to be trained to fight for the military junta against the resistance movement, which has widespread popular support. Young people are reportedly being taken from the streets and off public transport and conscripted on the spot. Many have fled the country or gone into hiding. Fear is general.

Nara, (Restricted Access, DPG Day 30)

I am grateful for an answer to a long time petition. I have finally got the right kind of work offered for my visa to be granted. I need to rent a place for work, ask this workspace would open doors for me to proclaim. I will need boldness and wisdom at the same time. Please ask that my visa gets granted quickly. The society here is male dominated and my work comes with certain pressure to perform so please ask that I would find success so I'm not too distracted trying to achieve KPIs and can give my attention to the real important things. Ask for new friendships as many old ones have left the region.
